Techinit S.r.l. Viale L. da Zara, 10 - 35020 Albignasego (PD)
Tel. +39 049 838 0131 - www.techinit.it - info@techinit.it

PROMOTION TERMS AND CONDITIONS

1. SUBJECT OF THE PROMOTION

The FastPipe® Price Match promotion allows customers to receive an offer for the FastPipe® system under economic conditions equivalent to those of a quotation for copper piping, provided that the technical specifications are comparable.

2. PARTICIPATION REQUIREMENTS

The promotion is exclusively reserved for:

- distributors of thermo-hydraulic or electrical materials
- professional thermo-hydraulic installers holding an F-GAS certification

To access the promotion, it is necessary to send a quotation related to copper piping to the email address: info@techinit.it or via the contact form on the website.

The quotation must be complete and legible, including:

- product technical specifications
- quantities
- economic conditions, with specific reference to payment and transport terms

The company reserves the right to request additional information to complete the evaluation.

3. QUOTATION REQUIREMENTS

The copper quotation must meet the following requirements:

- issued no more than 7 days prior
- referring to products compliant with EN 12735 standard

With:

- minimum thickness of 0.8 mm
- minimum insulation of 6 mm

4. EVALUATION AND OFFER FORMULATION

The received quotation will be analyzed both technically and commercially.

A FastPipe® proposal will be formulated:

- technically comparable
- economically equivalent, where applicable

Economic equivalence refers to the total value of the piping included in the quotation and not necessarily to the unit price of individual components.

Any accessories, fittings, or tools for the installation of FastPipe® or copper piping included in the original quotation are explicitly excluded from the promotion.

5. IMPORTED PRODUCTS

In case of comparison with imported products, the following may be considered:

- transport costs
- customs duties
- any additional charges

The company reserves the right to assess the overall adequacy of the received quotation.

6. EXCLUSIONS

In addition to the above requirements, the promotion does not apply in the following cases:

- unverifiable or incomplete quotations
- products not compliant with the indicated standards
- requests not technically comparable
- abnormal or out-of-market quotations.

7. COMMERCIAL TERMS

The company's standard commercial terms remain valid, including:

- advance payment may be required for the first supply
- delivery times and availability will be specified during the offer phase
- Unless otherwise agreed, supply will be Ex Works (EXW).

8. PROMOTION VALIDITY

The promotion is valid until further notice from the company.

The company reserves the right to modify or terminate the initiative at any time.

9. ACCEPTANCE OF TERMS

Participation in the promotion implies full acceptance of these terms and conditions.
